

## 10G SFP+ DAC(Direct Attach Cable) Copper Cable 3m

### Brief Details

Place of Origin: Shenzhen, China

Brand Name: OPTICO

Model Number: SFP10GC3M

Product name: 10G SFP+ DAC CABLE 3M

Fiber Type: COPPER

Length: 3 meters

Compatible: Cisco, Huawei, HP

Certification: CE, FCC, ROHS, ISO9001

Interface: UTP,LC,SC

Supply Ability: 1000 Piece/Pieces per Month

Packaging Details: Static bag, plastic bag, retail box

Port: SHENZHEN

**Description:**

10G SFP+ DAC(Direct Attach Cable) Copper Cable 3m

SFP+ Passive Copper Direct Attach Cables are suitable for very short distances and offer a highly cost-effective way to connect within racks and across adjacent racks. They are widely applied for 10-Gigabit Ethernet, fiber channel and other industry standards, and it is direct attached compliant and fully conform to the SFP+ MSA specifications.

**Features:**

- 1) Support for multi-gigabit data rates up to 10.5Gbps
- 2) Data rates backward compatible to 1Gbps
- 3) Hot-pluggable SFP 20PIN footprint
- 4) I/O Connector designed for high speed differential signal applications
- 5) Improved Pluggable Form Factor(IPF) compliant for enhanced EMI/EMC performance
- 6) Compatible to SFP+ MSA
- 7) Temperature Range: 0-70℃

**Applications:**

- 1) High capacity I/O Storage Area Networks
- 2) Network Attached Storage
- 3) Storage Servers
- 4) Switched fabric I/O
- 5) Data center cabling infrastructure
- 6) High density connections between networking equipment

**Our Advantages:****A.Full Product Range**

1. 155m ~10G :SFP SFP+ XFP
2. 40G~100G : QSFP+ ,QSFP28, CFP,CFP2,CFP4
3. X-PON: GPON/EPON ONU OLT; 10G PON OLT/ONU
4. 10G~100G AOC & DAC CABLE
5. MUX/DEMUX Multiplexer

**B.Services & Certifications**

2. Professional Pre-Sales After-Sales service
3. TUV, CE, FCC, RoHS certification

**C. Compatibility& OEM services**

Our transceivers are tested to be fully compatible with Cisco, HP, Alcatel, Huawei, etc.

**Warranty:**

3 years warranty. For details, feel free to contact our sales stuff.

**Get in touch with us When:**

- 1) you are in the market for quality fiber transceivers from a reliable manufacturer

2) you need fast delivery

3)when you need professional services to guide you select the products that best meet your network.
